Coloring: Bay Markings: Three White Socks

Breed: TB Discipline(s): Jumper/Hunter & Dressage

Rider Level Best Suited For: (circle one) Beginner < Intermediate > Advanced

Brief Description: Bentley is special and has loads of personality & talent that will win your heart. Solid 2nd level, schooling 3rd level. He is forward and responsive to the aids. He knows shoulder-in, haunches-in, half-pass, and is schooling flying changes. Bentley has a great work ethic and is very soft in the bridle. Bentley could be a great schoolmaster for an intermediate rider with a quiet seat and hands in both the dressage ring and hunter ring. He has been my daughters show partner for a few years and together they are always in the top ribbons. They have shown mostly Jumpers 3'3" – 3'6" competitively and USEF Medal Classes with some Hunter classes mixed in. We are only selling him because my daughter has left for college, jumping past his jumping height and she does not show in the dressage ring. He is too special to sit and do nothing and he doesn't want that either. He loves having a job everyday and being special to someone. If not cared for on a regular basis he gets sad and he now misses my daughter. Bentley loves to trail ride alone or with groups and will jump everything outside including creeks. He's happy to be at shows or at home, he clips, loves baths, great ground manners, loads but needs lots of space in the trailer. He is the perfect horse for someone who truly wants a show partner that will work as hard as you and wants to learn all there is to learn. He has the potential to show upper level Dressage. We will only sell to a good home.
