Brief Description: Buster is a wonderful pony for an intermediate rider who wants to show, show, show!!! He loves to jump all day. He started his show career in Wellington, FL. Buster would make any lucky kid a great pony with his winning personality, terrific work ethic and his ability to be flexible. He loves to trail ride and will jump anything outside making him an excellent candidate for a possible eventing career. Buster can jump 3'6" with ease and is ready to go to pony finals. His current owner has sadly outgrown him and he needs another child to love and teach the ropes.
