Brief Description: Drake has a loving personality, a great work ethic and is looking for
a home with a family who will return his affection. Drake comes from the East coast
where he was a Hunt Seat medal horse, jumping 3' – 3'6" and loving it! He's super-
flashy turning heads wherever he goes with his large stature and four tall, white
stockings. He may take more leg than the average beginner is accustomed to giving so
he may be better suited to the advanced beginner to intermediate rider.
